(KISIMBUDDWA MU AFRICAN PASTOR EKYA E.N WANYIKE)

(b) I got all that evidence and handed it over to the authority which meant that I had wrapped up the case.Harris congratulated me for having helped him investigate a case that seemed so hard to him.yet I had wrapped it up in only three days.Many people congratulated me saying "You have survived that crime,we were putting it upon you" some even gave me gifts.

What I was left with was compiling written evidence that I was to present to the judges and also printout and zoom the photos that I had taken that would act as evidence in the case.Lucky enough God had helped me that all the photos were clear yet they were taken at night.But before all that I remembered the tragedy that happened as I was at my father's place.

Immediately after reaching home when I was from kikukuya's home I was given food.I ate very little of it because I was filled with too much sadness .I ate only one slice and went to sleep.When I reached bed I failed to fall asleep.i remained in bed awake.I remembered the way I found Lukido in the bush when he had just died.and also remembered the sound of the gun.
